

The only HD security camera with a built-in motion sensor, siren, and air monitor.

Discreet design

1080p HD camera, night vision  
147° Wide-angle lens

High-quality microphone

Built-in speaker, 90+ dB siren

Temperature, humidity, and air quality sensor

**HD video with night vision**

Canary lets you watch live HD video, anytime from anywhere. Stay connected to those that matter most.

**Intelligent notification**

Canary sends mobile alerts with recorded video when motion is detected. In an emergency, help is only one touch away.

**Simple set-up**

Canary is right at home on a shelf or table. Just plug it in, download the free mobile app, and you're all set.

**Auto arm/disarm and privacy**

Canary senses when you come and go and switches modes automatically. Choose privacy mode to shut off the camera.

**HomeHealth Technology™**

Canary monitors air quality, temperature, and humidity so you always know your home is healthy and safe.

**Connectivity**

Wi-Fi (802.11 b/g/n), Wired Ethernet  
Instant data encryption  
Secure cloud video storage

**In the box**

1 Canary device, AC power adapter,  
micro-USB cable, secure setup cable

**Requirements**

Broadband Internet connection—Wi-Fi or Ethernet  
iPhone or Android device (<http://canary.is/devices>)  
Minimum 1 Mbps upload speed

# The only home security system that puts you in control.

## Just come, and go.

Canary automatically changes modes when you enter and leave your home. When set to private, Canary's camera and microphone are fully disabled.

## Know in an instant.

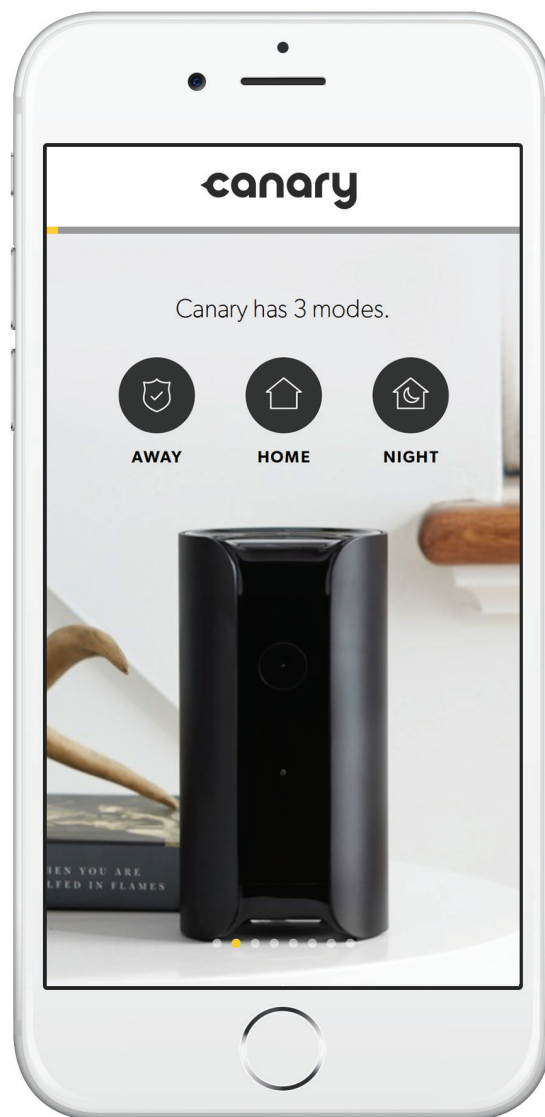

Get instant mobile notifications and recorded video when motion is detected in your home.

## Respond from anywhere.

Sound a 90 decibel siren or contact your home's local authorities right from the Canary app.

## Always stay secure.

Know that your information and video content are safeguarded with bank-level data encryption.

Starting at only \$5 a month, Canary's extended plans include increased storage, more bookmarks, and feature unlimited video downloads. With all three plans, you can go month-to-month or select annual and save.
