INTRODUCING TILE SLIM: THE EASIEST, FASTEST AND MOST RELIABLE WAY TO FIND YOUR WALLET, PHONE AND MORE

ABOUT TILE SLIM

Never lose your wallet, purse or phone again with Tile Slim — the world's thinnest Bluetooth tracker. As thin as two credit cards, you can slide, tuck or attach Tile Slim to anything you don't want to lose, and use our simple app to make it ring or see the last place you had it. If it's your phone you're looking for, simply press your Tile Slim to make your phone ring — even if it's on silent. Tile's global community spans 200 countries and territories and helps people locate more than half a million items every day.

ABOUT TILE

Tile gives everything the power of smart location. Tile's devices, network and mobile app work together to help people locate the things that matter to them most. Tile's global community spans 200 countries and territories and helps people locate more than half a million items every day. The Tile Smart Location Platform makes it possible for other companies to build location into their own products. The company is based in San Mateo, CA and backed by Bessemer Venture Partners, GGV Capital and Khosla Ventures. Tile is a top seller in retail stores and is sold online around the world. For more information please visit TheTileApp.com.
